

WHAT REPUDIATION OF THE G. T. P. WOULD MEAN

To the Farmer:—

A decrease in the value of his farm.
A long haul to market for years to come.
A mortgage or mortgage foreclosure.

To the Business Man:—

Decrease instead of expansion of business.
Non payment of accounts and credit instead of cash sales.
Hard times and failure.

To the Banker:—

Non payment of notes and discounts.
An unsafe district to do business.
A lack of confidence in the future of the country.

To the Money Lender:—

Non payment of interest or principal and mortgage foreclosures.
A decrease in the value of all securities.

To the Real Estate Man:—

No business.

To the Contractor:—

No Contracts.

To the Mechanic:—

No work or low wages.

To the Laborer:—

Low wages and little work.

To the Northwest Territories:—

A sudden stop of Immigration.
A sudden stop of the investing of money.
A sudden stop of confidence in the Great West and consequent stagnation of trade.

To the Dominion of Canada:—

The repudiation of the Government signed Contract would bring on a crisis and a general panic. Business men and investors would not know on what ground they stood. Mr. Borden's proposed repudiation of a Government signed agreement would shake the very foundation of Canada's credit for all time. Heretofore it has only been the South American Republics that have repudiated their own Contracts. It is during the fall of the formerly sane and safe Conservative Party into such a crisis and danger as declines; the more amazing and the more dangerous and should be given grave consideration to business men of both parties.

WATERING RUSSIAN VESSELS

MEETING AT ANDREW

Andrew, October 29.—A meeting in the interests of Mr. Secord was held here last night in the school house. Quite a number of Galicians were present, and the speaking was all in their language. Mr. Shera was present, but did not favor the audience with any remarks, although there were a number of English-speaking electors present. Mr. Shwster, on behalf of Mr. Secord, made a weak attempt to define the policy of the Conservatives on the tariff, railway and provincial autonomy, closing his few remarks with an appeal to the electors to vote for Secord and be forever freed from road taxation in the Territories.

Mr. Gowda, on behalf of Mr. Oliver, very ably outlined the policy of the Liberals regarding the different questions at issue. He explained in very forcible manner the benefit to be derived under Liberal rule, as compared with that of the Conservatives. He spoke at some length on railways, the tariff and autonomy, making it very plain to those present that the arguments of Mr. Shwster were utterly misleading in every respect. Mr. Gowda was listened to with deep interest, and took his seat amidst deafening applause.

An attempt was again made by Mr. Secord's few friends to defend their policy, but they were loudly booed by all the Galicians present, who declared themselves satisfied under Liberal administration.

The meeting then adjourned with three rousing cheers for Oliver.

VEGREVILLE

Prairie fires are all the go around here just now. Several farmers have lost heavily in hay and grass.

A new resident has come to the house of Mr. Gilpin. Vegreville, in the shape of a little boy. Congratulations extended.

The parsonage here was under quarantine last week for measles, but we understand it was a very slight attack.

Don't forget the literary concert in the Vermillion school house, just four miles and a half northwest of Vegreville, on Friday night, November 18. The concert begins at 7 p.m. No admission, but in order to defray expenses, a silver collection will be taken.

ELECTION MEETING

A meeting in the interests of Mr. Oliver's candidature was held in Baker school house, east Clover Bar settlement on Saturday night. There was a good attendance. Mr. Bartly was chairman. Mr. Oliver addressed the meeting at length. Mr. Secord was not represented. At the suggestion of the chairman the meeting gave an expression of appreciation of Mr. Oliver's remarks. At a meeting which had been held a few nights previously in the interests of Mr. Secord the assertion had been made that the Grand Trunk Pacific contract permitted the free importation of 40,000 Chinese to work on the railway. Mr. Oliver was asked in regard to this matter, and said that the tax of \$500 against Chinese was absolutely without exception so far as railroad work was concerned.

POLITICS AT LLOYDMINSTER

Lloydminster, October 29.—This afternoon a public meeting was held in the interests of Mr. Peter Talbot, Liberal candidate. The hall was filled to hear Mr. Colwell speak, who dealt fully with the public questions of the day, speaking with great power on the railroad and immigration policy. The meeting had been plugged by the Conservatives who had roared at work for them. They were distributed amongst the audience but it was very soon discovered what their motive was. Mr. Fugh spoke for the Conservatives, and in a very feeble manner tried to explain a few points, but his attempt was a flat failure. He made attacks on Mr. Colwell, who brought him to task about it in a very gentlemanly manner. The actions of the roasters were just what a class of small schoolboys would have done. Their arguments were groundless, and it seemed that the only plank in their platform was noise. Several in the audience stated after the meeting that they had intended to vote for Mr. Bush, but after seeing the actions of his supporters at the meeting, that they would most certainly vote for Mr. Talbot, and ally themselves to a party who had amongst its supporters an element that the respectable Conservatives of the country would be ashamed to associate with, and whose actions were anything but gentlemanly.

New Cities on the Saskatchewan

North-West Farmer.
A few days ago the Territorial legislature put through two bills creating a couple of new cities on the North Saskatchewan—Edmonton and Prince Albert—the twins, firstborn of the cities of the great and fertile Saskatchewan Valley. We take off our hats and give our hearty congratulations, not only because of the distinction which this promotion gives to the places in question, but also because of the progress and development which has made such an advancement possible. When isolated centres such as these, without large manufacturing industries to gather people into them, can grow to such dimensions as to become incorporated as cities, it is quite evident that a very substantial and sound agricultural growth has preceded the step. With the advantages which accrue to these two new cities because of their elevated status, we expect that they will be able to never before to attract new enterprise and in many ways develop the resources of the magnificent belt of country in which they are situated. The West has many surprises for the outside world, and one of these is the rapidity with which its commercial centres grow up through splendid villagehood into the greater glory of being a town and then, presto! they are full-fledged cities! Only those who are in closest touch with the progress of western affairs can keep up with our history as fast as it is being made. And it is the former who is behind it all.

DENIES THE STATEMENT

PREMIER F. W. G. HAULTAIN

In a letter to the Regina Leader states that he never discussed the question of a capital with Mr. Secord

Regina, October 29.—In a letter written for publication to the Leader Premier Haultain denies that he ever discussed the question of a capital with Richard Secord, and never gave him any assurance whatever in regard thereto. This effectually disposes of Secord's statement that he has "every" assurance. The only assurance in regard to the location worth anything would be that of the local government, as the question of the capital is one for the local assembly to decide, and not for the Federal Government.

Mr. Haultain says, in effect, that Secord made a decided mis-statement from the public platform.

THE CABINET MEETING

MR. BLAIR'S RESIGNATION

As Chairman of the Railway Commission has been accepted.

Ottawa, October 31.—A private telegram received here from Montreal says that the resignation of Hon. A. G. Blair was accepted at a meeting of the Cabinet held in that city.

PEACE CONFERENCE

THE POWERS NOTIFIED

Will seek larger scope than the last Hague Tribunal.

Washington, October 30.—In a circular note, Secretary Hay has carried out the President's instructions relative to proposing a second Hague conference. The note not only contemplates the re-assembling of the Hague conference for the consideration of questions specifically mentioned by the original conference, as demanding further attention, such as the rights and duties of neutrals, the inevitability of private property in naval warfare and the bombardment of ports by naval forces, but goes further by practically endorsing the project of a general system of arbitration treaties and the establishment of an international congress to meet periodically in the interests of peace. The issue of the call, while the present year is in progress is justified by the fact that the first Hague conference was called before the United States treaty of peace with Spain was concluded.

TWO PERSONS KILLED

Twelve injured. Two sections of a World's Fair flyer collide.

Kansas City, Mo., October 31.—Three persons were killed and twelve injured in a rear end collision between section No. 2 and section No. 1 of the Missouri Pacific World's Fair special at Tipton, Mo., yesterday.

THE STOCK EXCHANGE

London, October 31.—The North Sea incident threw the Stock Exchange into a highly nervous condition and a great depression over the delay of Russia in reaching satisfaction yesterday. However, the market recovered rapidly and became comparatively buoyant. The American market participated in the strong reaction. Yesterday's rebound in prices being as marked as the previous depression.

NEWFOUNDLAND ELECTIONS.

St. John's, N. F., October 31.—The Legislative general election is being held to-day. The campaign closed Saturday night. It is the prevailing impression that the government will win though by a smaller majority than our years ago. The struggle has been the fiercest in the political history of Newfoundland.

STRICKEN WITH APPENDICITIS

New York, October 31.—An operation for appendicitis was performed on Japanese Minister Kogoro Takahira in a hotel in this city to-day. The case is said to be a serious one and attaches of the Japanese legation at Washington have been summoned to the Minister's bedside. Mr. Takahira arrived here from Washington Friday night and immediately after being assigned to a room at the hotel complained of illness. A physician found him suffering severely but relieved him sufficiently to pass a comfortable night. On Saturday a diagnosis of appendicitis was made and it was deemed advisable to operate at once.

THE PANAMA SITUATION

C. N. R. Grading

Reporter.
Great progress is being made with the C. N. R. grading at Vegreville. A Sutter, stage driver, who has just returned from Vegreville, says the work is being pushed ahead rapidly. A great number of teams are now at work and if the weather continues favorable to the contractors, many more teams will be put on.

Looking down the grade from a point about four miles east of Vegreville, Mr. Sutter says there is nothing but a moving mass of teams and men to be seen. Great activity prevails and if next season is a good one for railway construction, work for Saskatchewan will hear the first incoming C. N. R. train before July 1st, probably earlier.
Sutter has been laid fifteen miles west of H. M. O. which is 14 miles from Battledore. If the weather is favorable the company will lay the steel for about 100 miles west of Battledore leaving a distance of 15 miles from end of track to Edmonton which can easily be completed to the new station grounds Edmonton by next fall.

Conservative Promises

The Conservative party have issued a considerable quantity of campaign literature printed in the Little Russian language, which is spoken by most of the people of Galicia and Bukowina. There are over a thousand voters speaking that language in the Edmonton constituency. A sheet which has been largely circulated and which bears the heading:

"For Good Russian Electors"

contains a paragraph of which the following is a translation:—

"The Conservative Party wants Canada to build the railway for herself, and not for Americans. The Conservative party wants to build for us churches, schools and roads and wants to exchange the poor farms upon which some of our people have settled for good farms elsewhere; the farms thus left vacant to be permitted to grow up with timber as Government property; the people to be paid for the buildings which they have erected on the poor farms so that they will have money with which to build on the good farms."

A list of Conservative candidates said to be pledged to this policy contains the following names:—

W. SANFORD EVANS.
A. A. C. LARIVIERE.
GLEN CAMPBELL.
W. J. ROCHE.
T. A. PATRICK.
JOHN McLAREN.
JAS. McKAY.
RICHARD SECORD.
W. W. COLEMAN.
R. L. RICHARDSON.

The sheet is signed "CANADIAN RUSSIAN PARTY."

Attack Port Arthur

Shetso, October 30.—The third general attack on Port Arthur began on October 24, according to unimpeachable authority. On October 26 Japanese shells set fire to the only smokeless powder magazine in the Port Arthur. Portions of the town caught fire. The conflagration continued the whole day. On the same day the Japanese captured the Russian trenches on the slope of Highland Mountain, also a fortified position protecting the fortress. The Japanese consider the progress of the siege satisfactory.

Tokio, October 31.—A report from the Manchurian army headquarters was received to-day. It records a successful night attack against the

Russian outpost at Wuming Tsun, and two unsuccessful counter attacks made by the Russians.

On the night of October 28 a force of the enemy attacked Watao mountain, but were immediately repulsed. On October 29, at 3 o'clock in the morning a detachment of infantry was dispatched from the centre army against Wuming Tsun, located between the outposts of both armies. The enemy were surprised, and the occupied by them were set on fire. Using the place as a base the enemy made frequent night attacks against our outposts. On the night of October 28 a force of the enemy of unknown strength attacked an eminence near Santao Kantzu, but were immediately repulsed.

ROSENTHAL MEETING

A meeting called in the interests of Mr. Secord was held in Rosenthal school-house on Saturday night.

The meeting was addressed by Mr. Moran on behalf of Mr. Secord, and by Messrs. Howay and Eggar on behalf of Mr. Oliver. Mr. Moran spoke in German. There was a fair attendance, and the sentiment of the meeting was thoroughly for Oliver.

PUPILS RECITAL

Mr. Vernon Barford's pupils gave their forty-first piano recital in the All Saints' school room to-night. They will be assisted by Mr. G. H. McLeod, who will sing Taubert's "My Darling was so Fair," and Malloy's "Home, Dearie, Home." Mr. Barford will play a suite by Paolo Gallico. The recital commences at a quarter past eight.

PRESENTATION

The ladies' aid of the Presbyterian congregation at Poplar Lake have taken a most effective way of "making it hot" for their minister, Rev. William Simons, by presenting him with a hand some coat. Owing to the difficulty of obtaining a suitable house in his field of labor, Mr. Simons has been obliged to take up his residence in Edmonton, and will have many opportunities in his long drives during the coming winter of appreciating the practical forethought and kindness of the ladies.

THE RICHILIEU

The Richilieu Hotel, on the corner of Third street and Peace avenue, near the site of the Canadian Northern station grounds, has been granted a license and will be opened on November 2.

The Richilieu is a large, frame hotel. The main building is fifty feet by fifty-five feet, three storeys, and the annex thirty feet by seventy feet, two storeys. First class plumbing arrangements have been installed. It will be heated throughout with steam, and will be electrically lighted. The hotel, which is neatly furnished throughout, has thirty-six bedrooms.

At the opening on Tuesday evening the band will be in attendance. J. N. Pomeroy is the proprietor.

Of Interest to Farmers

Farmers' Advocate:

Many western farmers are viewing the question of hog raising in a more favorable light than formerly. The bacon trade is one of Canada's strong, five-stock industries, and the West can profitably branch out on a fairly extensive scale by breeding and feeding for the bacon export trade. Figs do well in the West. They winter well without expensive bullocks; in fact, a few stout poles, set together in the form of a log house, with a space for a door, and covered with a straw stack, gives excellent results. A number of suitable pens would be needed for growing time; yet the whole outfit for six or seven broods of hogs need not be costly. Coarse and inferior grains are abundant and cheap, and in many cases it does not pay to ship the lower grades, as grain, yet, by converting into bacon the value of higher grades is received for an inferior article. Again, the fertility of the land is maintained or improved, instead of gradually depreciating in productive power, as crop after crop is harvested. In the great wheat districts we scarcely expect many to go to pig-raising, however, here and there a man may see the advantage of converting feed wheat into bacon on his own farm, rather than have that feed hauled several hundred miles before it is put to a similar use. Barley makes excellent pig food, and by occasionally sowing a crop of it on your wheat land, you increase the yield of the following wheat crop, for the reason that barley and wheat draw different proportions of the same elements of plant food from the soil. Another advantage of changing varieties of cereals is that many weeds seem best adapted to thrive with some one of the cereals, and by changing you help, to a certain extent, in keeping your land clean. Where pigs are kept more forage plants should be grown, which would give a better rotation of crops, thus helping to keep the land clean, and adding to its fertility at the same time. Rape, perhaps, will be found the best forage plant for swine feed in the West. Alsike and alfalfa clovers are doing fairly well in some places; the Turkestan variety is the hardiest of the alfalfas. Wherever clover will do, have a patch by all means for your hogs. Fall wheat, or perhaps, better still, fall rye, makes excellent spring pasture in sections, where these crops are successful. After they have served their purpose, plow up and sow to rape. Of course, a patch of rape for early feeding should be sown as early as possible in spring. Every pig raiser should grow some peas. Peas do well in most places in the West, the chief trouble being the difficulty of harvesting where the ground is level, and the wind strong. However, a fair-sized potato patch to turn your hogs on about harvest time would be found exceedingly profitable, especially if you have a patch of rape nearby, where the pigs could have free access to both. This combination would prove about ideal for fattening, and we recommend it to all pork raisers. Another advantage which bacon producers have in the West is that there is a good market for large fat hogs in the B. C. lumber and mining camps, and also among the Indians, so that after you are through with your sows and boars (make stags of them), there is a fair market for them when

Musical Education

Excellent training in Music can be obtained in Alberta College, Edmonton. The College has a full staff of specially qualified teachers in the different departments of music associated with Mr. Perry S. Hook, musical director and instructor in piano and theory, are—Miss Beatrice Crawford, teacher in piano, Miss Ethel Webster, teacher of voice culture and singing, and Miss Edith Webster, teacher of violin. Also there is a department of elocution and physical culture under the direction of Miss E. A. Bellamy, diplomist Moulton College, Toronto. There will be lectures, recitals, social meetings, etc., from which students will derive great benefit.

The business department is in full operation, day and night classes, diplomas awarded in stenography and book-keeping.

The new building is on First Street. Business and music open now. Arts and Academic classes October 1st. Intending students should register as soon as possible. For fees and particulars apply to the Musical Director, PERRY S. HOOK, OR PRINCIPAL J. H. RIDDELL, B.A., B.D., EDMONTON.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, counter-signed in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land, owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantial fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior, N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

It's Wear That Proves.

After all, it's the service you get out of a suit or overcoat, that proves the value. It's the length of time your clothes look good, that tells whether you've had your money's worth.

"This is the second winter for my two Fit-Reform Suits, and they are good as new," said one man.

"I wore this Fit-Reform Overcoat two winters, and really don't need a new one now," replied the other.

Wear proves worth, all right.

Delay Would Be Inevitable

Globe.
If Mr. Borden were empowered to have his way with this railway project what would happen? Would there not be inevitable delay? Mr. Borden's supporters would be immediately divided into two camps, each hauling different ways. Does anyone think that Mr. E. B. Osler, Senator Drummond, Sir Mackenzie Bowell and influential Conservatives of that kind, would allow Mr. Borden to go experimenting with public op-

eration? Does anyone think that a railway measure involving the principle of public operation would ever pass the Senate? Yet Mr. Maclean and the public operation voters whose cry Mr. Borden has taken up would demand their pound of flesh. The result of this balance of opposing forces would be that nothing would be done, and every industry that is now preparing for the expansion of its market would shorten sail and idleness and stagnation would follow.

A Brutal Murder

Winnipeg Tribune:
A tragically as fiendishly cruel and brutal as ever recorded in the annals of crime was enacted in the quiet neighborhood of Nena street this morning shortly before three o'clock. Robert W. Taylor, yesterday a respectable teamster, to-day cringes behind the bars of the murderer's cell in the James street jail; his wife, yesterday a woman in the prime of life and health, lies a horribly mutilated corpse, with crushed skull at their home, 236 Nena street, and her three daughters, the eldest only 16 years of age, are orphans without any known relative in the world, now being cared for by a neighbor.
After a family quarrel Taylor crept in on his wife, asleep on the lounge, and crushed her skull with an axe, and calling his step-daughters into the bedroom seized them in his arms and brandished the blood-stained weapon over their heads. In a single weak moment he gave way before the piteous appeals for mercy by the children and allowed them to take the axe from his hands, thus averting a quadruple murder.

French Canadian priest, has arrived in the city, and will be stationed at the mission here. Rev. J. Johnston, of Lacombe, left this morning for Lacombe after a couple of weeks' holidays at his home in this city. R. A. Robertson took a business trip down the line this morning. Rev. S. D. Chown left this morning for Toronto. A. E. May took a business trip down the line this morning.

AT THE CHURCHES

At the College avenue Methodist church yesterday the morning service was taken by the pastor, Rev. O. H. Huestis on "The Stories of the Bible," the second of a series of sermons on "How to Make the Bible More Real." In the evening Rev. Dr. Chown, of Toronto, chief of the Department of Theology and Moral Reform of the Methodist church, preached. Dr. Chown also addressed a mass meeting at the church in the afternoon on "Politics in Canada." There was a fair attendance and Dr. Chown's address was listened to with a great deal of interest. He spoke principally on party in elections.

In the Kingston avenue Methodist church, Dr. Smith took the service in the morning and Rev. F. W. Cox in the evening. Rev. A. M. McDonald conducted both services in the Baptist church preaching on the subject, "Religion and Citizenship" in the evening.

The services in the Presbyterian church will be taken morning and evening by the pastor, Rev. D. G. McQueen. Special services will be held this week at St. Joachim's church. Tomorrow, Nov. 1st, Feast of All Saints—Feast of Obligation. Masses at 6, 8 and 10:30 a.m. Vespers of the Dead with special sermon in behalf of the souls in Purgatory at 7:30 p.m. Wednesday, Nov. 2nd, All Souls Day—High Mass at 8 a.m., Benediction of the Blessed Sacrament at 7:30 p.m. Every morning this week Mass at 8 o'clock a.m. for the departed members of the parish. Every evening except Saturday, benediction of the Blessed Sacrament at 7:30 p.m.

SECORD'S WARDEN MEETING.

A meeting in the interests of Mr. Secord's candidature was held in Warden school house on Saturday evening. Mr. Schwartz was chairman and made a short speech and Dr. McDonald, of Edmonton, and Messrs John McKinlay and Daly, of Stony Plain and Spruce Grove, spoke on behalf of Mr. Secord. Dr. Gendeman spoke on behalf of Mr. Oliver. The meeting which was a large one, concluded with a vote of thanks to the chairman and cheers for Oliver.
